Amundi Total Return overview

This report is for your information; at the same time, together with the currently valid sales brochure and the "Key Investor Information" document, it is part of the legally required sales documents that must be made available to the purchasers of shares in our funds. This information is available free of charge from Amundi Deutschland GmbH, UniCreditBank AG branches and other sales and paying agents.

Funds and share prices

The prices for the issuing and redemption of our funds are calculated and published on each trading day. The current share prices may be obtained from all paying agents of the funds.

You can find the prices and other information on our funds and any changes to the terms and conditions at: www.amundi.de and www.amundi.lu

Investment strategy/investment objective

The main objective of the Amundi Total Return investment policy lies in generating an attractive return on investment while simultaneously minimising the economic risks

We cannot give any assurance that the objectives of the investment strategy will in fact be achieved.

Notes on the half-year financial statements as of 30 June 2024

1. Description of the Fund

Amundi Total Return (the "Fund") is organised as a *Fonds Commun de Placement* ("FCP"). The Fund is an undertaking for collective investment in transferable securities ("UCITS") launched on 27 May 2002 and is qualified according to part I of the amended Luxembourg law of 17 December 2010 regarding undertakings for collective investment. It is governed by the Fund's Management Regulations, last updated on 16 February 2018 and published on 5 January 2023 in the "*Recueil Electronique des Sociétés et Associations*" ("RESA").

The Fund is managed by Amundi Luxembourg S.A. (the "Management Company"), a company in the form of a public limited company ("*société anonyme*") pursuant to Chapter 15 of the law of 17 December 2010 in the applicable version. This is a fully owned subsidiary of Amundi Asset Management SAS, which is registered in the Commercial and Companies Register under the number B 57.255 and is based in Luxembourg. It was established on 20 December 1996 for an unlimited period. Its statutes were published on 28 January 1997 in Mémorial and finally amended on 1 January 2018.

2. Summary of significant accounting policies

The financial statements reflect the net assets which were calculated based on the last available market prices of the assets as of 30 June 2024.

a) Presentation of the half-year and annual financial statements

The semi-annual and annual financial statements are prepared pursuant to the regulations applicable to undertakings for collective investment in Luxembourg.

b) Foreign exchange rates

The report will be in the fund's reference currency. Assets or liabilities in currencies other than the currency of the net assets of the fund will be converted at the exchange rates prevailing when the Net Asset Value is determined.

Income and expenses in foreign currencies are converted into the reference currency at the exchange rate on the settlement date. The cost value of securities in currencies other than the reference currency will be converted into the reference currency at the exchange rate on the date of acquisition.

c) Gains/losses realised from securities transactions

Realised gains or losses on securities transactions are calculated based on the average cost prices of the securities sold.

d) Forward exchange transactions

Forward foreign exchange contracts are valued at the forward rate applicable on the date of the "Statement of Net Assets" for the period until their maturity. Net unrealised gains and losses on forward foreign exchange contracts are recognised in the Statement of Operations and Changes in Net Assets; realised net gains/(losses) or changes in net unrealised gains/(losses) on forward foreign exchange contracts are recognised in the "Statement of Operations and Changes in Net Assets" as a liability.

The Fund also offers hedged share classes. All gains/(losses) on forward foreign exchange contracts used in hedged share classes will be allocated exclusively to the relevant share class.

e) Financial futures

Financial future transactions are valued at the available official stock market price (pursuant to the policies for price calculation described above under "Valuation of Investments").

Initial margin payments will be made upon conclusion of the future transactions in cash. Periodically, the Sub-Fund will pay or receive subsequent payments called variation margins. They are based on changes in the market value of open futures contracts. Unrealised net gains and losses from financial futures transactions are recognised in the Statement of Operations; Realised net gains/(losses) or changes to unrealised net gains/(losses) from financial futures transactions are recognised under the "Statement of Operations and Changes in Net Assets." In conclusion of the contract, the sub-fund in question registers a realised gain or loss in the amount of the difference between the proceeds (or costs) from the concluding and the opening transaction.

f) Options with upfront premium

When the Sub-Fund purchases an upfront premium option, it pays a premium and an amount equal to that premium is recognised as an asset. When the Sub-Fund writes an option with an upfront premium, it will receive a premium and an amount equal to that premium will be recognised as a liability.

In order to reflect the current market value of the option transaction, The asset or the liability is adjusted daily.

Options transactions which are listed or traded at a stock exchange or on a regulated market or at another regulated market are valued at a rate of the stock exchange listing (pursuant to the policies for price calculation described above under "Valuation of Investments").

Options traded over-the-counter are valued at the current market price on a daily basis calculated by external agents and they are compared with the amount received by the counterparty.

If the latest available rates are not representative the valuation is based on the potential realisation value, which is determined prudently and in good faith by the Management Company's Board.

If an option is not exercised and expires, the Sub-Fund will realise a gain or loss equal to the premium received or paid. Received or paid premiums and unrealised net gains and losses from Options transactions are recognised in the Statement of Operations under "Concerning market value of acquired options with upfront premium" or "Options written at fair value with upfront premium". Realised net gains/(losses) or changes 20 Amundi Total Return – half-year report in net unrealised gains/(losses) from options transactions are recognised in the "Statement of Operations and Changes in Net Assets".

g) Swap transactions

Sub-funds can conclude different types of swap transactions, such as interest swaps, swaptions, inflation swaps, credit default swaps and total return swaps. Net unrealised gains and losses from swap transactions are recognised in the income statement. Swap transactions are valued at market value determined prudently and in good faith in accordance with the procedures established by the Management Company's Board.

Swap transactions are valued at the current market price on the valuation date of the net asset value. The market value is based on the valuation of contractually defined elements. It is determined with the aid of agents, market-makers or internal models in accordance with the procedures established by the Board of Directors of the Management Company. Effective interest costs/yield from swaps are fully recognised in the "Statement of Operations and Changes in Net Assets". Accrued costs/yields from swaps are balanced on each valuation date of the net asset value for each swap

transaction and the net balance will be recognised in the "Statement of Operations and Changes in Net Assets" per swap as either swap interest cost or swap interest income.

h) Yield

Balances for other expenses in the income statement and changes in net assets mainly include other taxes.

i) Management Fees and Investment Management Fees

The Management Fee is a percentage of the Net Asset Value. According to the brochure, it is between 0,35% and 0,90% per annum.

As of 30 June 2022, the following effective fee rates for administrative fees were applied:

Sub-funds	Class A (DA)	Class A (ND)	Class H (DA)	Class I (DA)
Amundi Total Return	0,90%	0,90%	0,60%	0,35%

The Management Fee will be payable on each Valuation Day and will be calculated on the basis of the Net Asset Value of the share class.

It is payable each month in arrears.

The Management Company will pay the Investment Managers from the Management Fee payable in accordance with the Fund's Management Regulations.

j) Custodian, Paying Agent and Administrative Agent, Registrar and Transfer Agent

For their services, the Custodian, the Paying Agent, the Administrative Agent and the For their services, registrars and transfer agents receive the following listed fees from the assets.

Custodian, Paying and Administrative Agent: The fee corresponds to a percentage of the portfolio value at the end of each month.

It ranges from 0,003% to 0,50% per annum, depending on where the Fund's assets are held. The fee is payable on each Valuation Day and is calculated on each Valuation Day.

Share Class. It is payable in arrears each quarter.

- Registrar and transfer agent: The remuneration of the provided services is essentially made on the basis of the number of existing active share classes, the number of customer accounts and the number of transactions processed.

k) Taxation of the Fund

In accordance with Article 174 (1) of the 2010 Act, The assets of the Fund in the Grand Duchy of Luxembourg are subject to a Taxe d'abonnement of 0,05%.

This must be paid at the end of each quarter out of the net assets of the Fund.

In countries in which the fund assets are invested, the Revenues of the Fund are subject to a withholding tax.

In these cases, the custodian and the Management Company are not obligated to obtain tax certificates.

Under current Luxembourg tax law, no disbursements or payments of the Fund to its shareholders or redemption from its shareholders are subject to a withholding tax . Even in the disbursement of liquidation proceeds to shareholders no withholding tax is deducted.

Those concerned must inform themselves of the laws and regulations which are applicable for the subscription, the purchase, the ownership, the redemption and the sale of shares and seek advice if necessary.

2. Regulation on transparency of securities financing transactions and re-use (unaudited) ((EU) 2015/2365)

No transactions subject to the Securities Financing Transactions Transparency and Re-use Regulation (EU Regulation 2015/2365) were carried out during the reporting period. Accordingly, general disclosures, disclosures on concentration and aggregated transaction data of securities financing transactions as well as disclosures on the re-use of collateral are not required.
